

Miasms of the New Millennium

New Insights into the Ten Miasms

The result of years of study and careful analysis by two master homeopaths, *Miasms of the New Millennium* makes the ten miasms vivid and alive in a way no other work has done. With the words of patients informing every page, the book presents detailed descriptions of the themes, language, and confirmatory symptoms for each miasm, followed by actual cases. A definitive source for both skilled practitioners and students of homeopathy, *Miasms of the New Millennium* advances our fundamental understanding of our patients and enhances our ability to heal them.
